Cavotec at TOC Middle East

[Cavotec](#) Middle East will be present at [TOC Middle East](#) the shipping, ports and terminals conference and exhibition for the Middle East from 25th-27th September. Visitors can find us at **Stand D34**.

Held annually at Dubai's World Trade Centre, UAE, the exhibition brings together suppliers of terminal services, handling equipment, systems and software, enabling delegates and visitors to review the latest technology and benchmark their procurement strategies.

Juergen Strommer, Managing Director & Regional Manager ME of Cavotec India (read a brief biography [here](#)) has been added to the [list of speakers](#) and

[Innovation Seminar Day 2](#) is to be moderated by Holly Birkett, editor of [Port Technology International](#).

[Cavotec](#) will be presenting its range of innovative technologies that make ports more efficient and more sustainable. Cavotec designs, manufactures and delivers automated mooring and shore power systems, Panzerbelt cable protection systems, crane controllers, marine propulsion sliprings, power chains and connectors, radio remote controls, motorised cable reels and steel chains.

Cavotec is a leading cleantech company that designs and delivers connection and electrification solutions to enable the decarbonization of ports and industrial applications.
