

Ready to engage: the Cavotec team at TOC Europe.

Jun 27, 2017 09:34 GMT

## Cavotec's team ready to welcome you to stand E52 at TOC Europe

We're looking forward to welcoming partners, customers and friends to our stand E52 at [TOC Europe](#), where we'll be showcasing our innovative crane electrification, automated mooring, shore power, and connection and charging systems.

Visitors will also have the opportunity to learn about our latest port electrification technologies in Luciano Corbetta's presentation during the Clean Technology section of the [TECH TOC](#) Seminar on June 29 at 10:30am.

Billed as the global port-centric container supply chain event for Europe and the definitive meeting place for the world's shipping, port and terminals industries, TOC Europe, held in Amsterdam, is expecting more than 4,000 attendees from 80-plus countries.

---

Cavotec is a leading cleantech company that designs and delivers connection and electrification solutions to enable the decarbonization of ports and industrial applications.
